## **VOLUNTEER FOR CREDIT APPLICATION**

This program is intended to help provide the school with extra support personnel needed to run our daily program and to provide tuition assistance in exchange for these work assignments. Parents wishing to apply need to be aware that they are meeting a necessary work function. The inability to work the assignment puts a hardship on other staff; therefore, we ask that those who apply be prepared to fulfill their commitments. The amount of assistance will be applied on a month-to-month basis after the hours have been worked. Only the hours actually worked will be credited regardless of the amount contracted.
